LAUREN HOUSLEY & BAND

I'm delighted to welcome back Lauren and her fabulous band and I can guarantee that we're in for an outstanding set to finish.

Lauren draws her influence from a range of music genres, with her emotive vocals steeped in Gospel, Blues and a unique blend of 'Nashville' flavoured soul with a hint of Americana, Roots, Pop and Rock and some killer covers thrown in for good measure.

Lauren's albums are filled with some brilliant original songs, written alongside long time creative partner Thomas Dibb, that are honest, sincere and personal. A number of tracks play listed on Radio 2 by the likes of Chris Evans, Jeremy Vine and Bob Harris. Lauren's 2018 single *My Sleeping Heart* saw her experimenting with an American country flavour to critical acclaim.

Lauren Housley's brand of Americana blurs the lines between rock and soul through to country and blues. Her music is genre defying, and will appeal to all.

MICHELLE LEWIS

Michelle is a Boston-bred, LA-based award winning singer, songwriter and composer. Many performers live for applause Michelle just wants to make you cry, Her music is rich with melody, her lyrics find beauty in sadness.

As a storyteller, she writes intensely visual songs that explore the defining moments in burgeoning and breaking relationships. More polished than folk and more personal than pop, Michelle's songwriting is uniquely intimate.

Michelle's 2014 single *Run Run Run* found huge popularity among Boston Marathon runners and was featured on the national cable broadcast of the race.

Michelle's third album, the award winning *All That's Left* was released late 2018.

Michelle Lewis writes happy songs that bring tears, and sad songs that evoke smiles.
